

SECURITYTM

WE CHECK FOR COUNTERFEIT CURRENCY, FAKE IDs, POSTAL MONEY ORDERS, CREDIT CARDS, TRAVELERS CHECKS & MORE.

Security Check is the most economical and effective safeguard available to verify the authenticity of:

- Banknotes
- Postal Money Orders
- Credit Cards
- Traveler's Checks
- ID's
- Most Driver's Licenses

Both Ultraviolet and white fluorescent lamps aid in the verification of features that are difficult or impossible to detect with the naked eye.

Authentication Procedures*

US Banknotes

Check the paper: Under the UV light, bleached bills and non-U.S. currency paper will glow brightly. The currency pens will only pick up on most of the non-U.S. currency paper but will not detect bleached bills.

Check the security thread: Under the UV lamp, the thread should glow according to the colors shown in figure A. Only visual inspection under the correct UV wavelength will show these features.

Check for watermark: Turn the white fluorescent lamp on and check for the presence of a watermark. On most counterfeit bills there are no watermarks, or it is actually printed on the face of the bill and visible without backlight.

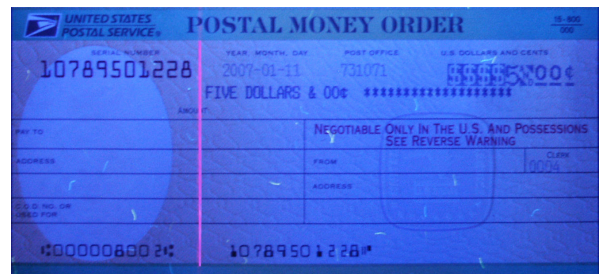

POSTAL MONEY ORDERS & DRIVERS LICENSES

Simply turn on the UV lamp to observe the UV-reactive imprints on most state driver's licenses, ID cards and all major credit cards and travelers checks.

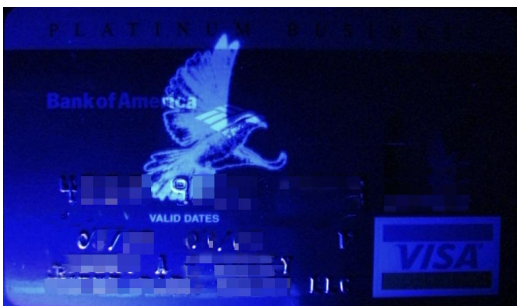

All valid postal money orders will show the Red security thread and the bright serial number on back.

NOTE: Federal Law requires all Financial Institutions to obtain, verify and record information that identifies each person who opens an account.

CREDIT CARDS AND TRAVELERS CHECKS

Simply turn on the UV lamp to observe the UV-reactive imprint on all major credit cards and travelers checks.

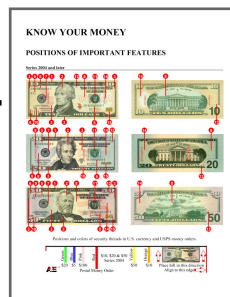

*These procedures are recommendations only. A&E assumes no responsibility for the misidentification of a genuine banknote, ID, credit card or travelers check or the failure to identify a counterfeit of same. Risk of accepting counterfeit notes, credit cars or ID's will be reduced if procedures are applied in a consistent manner.

With the purchase of your Security Check, A&E provides informative Fact Sheets. These Fact Sheets can be used to train your employees to recognize the security features embedded in US Currency, Money Orders, Drivers License, Travelers Checks and Credit Cards. Security Check, along with the Fact Sheets will help you guard against losses due to counterfeits, fraudulent money orders, drivers licenses, travelers checks, credit cards and many official documents.
